

# HST<sup>®</sup>

## Smart Home Alarm System

- TFT large digital display screen 4.3-inch.
- Date/clock/arm/disarm/cutdown time indication,
- Support up to 100 learning/storage location for remote control and wireless detector,
- Record 20 seconds alarm voice, if alarm occurs the alarm host will dial preset number and play the record voice.
- Support Wi-Fi/GSM/3G/GPRS network alarm system.
- Support 5 groups preset alarm phone number, SMS on/off and dial on/off can be set respectively, 7, Support SMS alarm/disarm and voice alarm/disarm

### HST-WPD

#### specification

- Working voltage: 3V AA\*2 alkaline battery
- Static current:  $\leq 15\mu\text{A}$
- Working current:  $\leq 25\text{mA}$
- Wireless data code: 1527 max area: 12mX12m
- Wireless Frequency: 433.92MHz 868.4MHz(optional)

#### Main feature

- binary infrared detection elements
- high intelligent ,high sensitivity
- detective range can get to 12m pan angel 1100 tilt angel 600
- Adopts CMOS low-power consumption microprocessor low power consumption
- The battery with a longer life built-in Millions of codes

### HST-WDS

- Wireless Door sensor:
- Door Magnet is a detector used to detect illegal door prying and window entry.

#### specification

- Working voltage: DC3V
- Emission frequency: 315MHZ/433MHZ
- Coding Method: EV1527
- Action distance: 25-35MM
- Emission distance:  $\geq 120\text{M}$  (open space)
- Low Pressure Alarm: 2.2-2.4V

### Specification

- Working voltage: DC 3V
- Working current: 15mA
- Wireless frequency: 315MHz/433MHz (optional)
- Oscillation mode: ev1527
- Emission distance: 80-150m

### Main Features

- Coding mode: support both 1527/2262
- 80m range wireless transmitted in the open area
- Global used standard wireless transmit, ASK modulation transmit

## HST-MWS

### Specification

- Working Power: DC5V-3V(Cell coin battery)
- Working current:  $\leq 15\text{mA}$
- Standby current:  $\leq 5\mu\text{A}$
- VDC:  $110\pm 3$

### Main Feature

- Innovative waterproof design, prevent the water get into
- High quality ABS material, greens environmental protection
- Long range transmit, Reduce the probability of string code
